## Pilot Killed as Planes Collide Over Cemetery

Minneapolis, May 31 (AP)—The solemnity of a Memorial Day service for war dead was shattered yesterday when two navy Panther jets collided while flying in an aerial tribute over a poppy-strewn cemetery.

A half mile away, in a heavily populated section of northeast Minneapolis, a man and his wife were washing clothes in the basement of their home when a "funny, whirring noise" sent them running outside.

One of the planes plunged into the street in front of Mr. and Mrs. Herman Trost's home, rammed their car onto the front lawn and disintegrated.

### In Area Hurt

The pilot, Cmdr. Newell Olson, 38, liaison and public relations officer at Wood-Chamberlain Naval Air Station, was killed. Six residents of the neighborhood were injured, one seriously. The pilot of the second plane, which crashed in a vacant lot, parachuted to safety.

The Trost home and three others burst into flames as fiery fuel from the plane sprayed over a wide area.

### 1,000 See Tragedy

The collision was witnessed by a crowd attending services at Sunset Memorial Cemetery. It occurred as a helicopter dropped poppies on the cemetery in a Veterans of Foreign Wars ceremony.

Lt. (JG) John Forsmark, 26, Minneapolis, a reservist, told newsmen later his left wing collided with the fuselage of Olson's plane as they and two other jets began a rolling maneuver in a final flourish over the cemetery. But he could give no explanation of the accident.

Forsmark said his plane rolled "a couple times," then he pulled

### Area Man Serious After 28 Collision

One person was reported in serious condition and three others were described as fair at Benedictine Hospital today following an accident involving four cars at Boiceville about midnight last night as area state police reported two other mishaps both minor—during "moderate" Memorial Day traffic.

Injured were:

Joseph Hefner, 24, of Bloom-

ington, who, Phoenicia state police reported, suffered four broken ribs and a possible liver injury; described as "serious" at the hospital today.

#### Others Are Fair

Walter Van Keuren, 20, of Stone Ridge, suffering shock, reported "fair."

George Hefner, 21, of Bloomington, lacerations and abrasions of left arm, also reported "fair."

Ralph Donnelly, 24, of Bloomington, lacerations of left arm and forehead, condition "fair."

Troopers H. S. Rhodes and Charles Bundschuh described the accident as follows:

A 1957 station wagon, owned by John Plonski of Bloomington, and operated by Donnelly, carrying Mr. Hefner, Mr. Van Keuren, Mr. Plonski and George Hefner, was traveling west at an unknown rate of speed on a downhill grade on Route 28 near the Boiceville Inn.

**Car Overturned**

Mr. Donnelly lost control of the car, which overturned, and rolled into the parking lot of the inn and struck a parked car owned by Clyde Lane of Bearsville, pushing the vehicle into the Boiceville Store, owned by Joseph Bonelli.

The five foot, three Brunette, captain of the Saugerties varsity cheerleaders, is the daughter of Mr. and Mrs. Harry L. Moose of West Camp.

#### Third to Hold Title

Rosemary Anne Gatti, 17-year-old daughter of Mr. and Mrs. Philip A. Gatti of Barclay Heights and Marian Louise Swart, 18-year-old daughter of Mr. and Mrs. Durwood Swart of Churchland, were designated attendants. Both are seniors of Saugerties Central High School.

Miss Swart was also named Miss Congeniality during a special election by the contestants.

The new Miss Saugerties, the third in the history of the annual event, will receive gifts totaling nearly \$450. Each runner-up will receive gifts valued at about \$75 each. In addition the other \$11 finalists receive gifts totaling \$13 each.

#### Draws Capacity Crowd

The capacity crowd attending the coronation ball acclaimed the new Saugerties queen as her name was announced at 11 o'clock by Thomas W. Reynolds

### 92 Holiday Traffic Deaths

(By The Associated Press)

Death stalked the nation's highways as usual over Memorial Day but the number of victims claimed was surprisingly lower than expected.

Up to midnight last night 92 traffic deaths, including three in New York state, had been counted. At least 120 had been expected. Drownings and other holiday-connected mishaps brought to 162 the over-all toll.

The other car, owned and operated by Robert E. Herbert, of Tompkins Cove, was waiting for a traffic light, the report said.

#### Struck in Rear

No injuries were reported after a similar mishap on the bridge at 12:15 a.m. Thursday.

Officers Gilbert Gray and Floyd Krom said that the car of George R. Conley Jr., 28, of 6 South Partition street, Saugerties, headed north on the bridge, had stopped for a light and was struck in the rear by a truck of the Riverside Farms, Oneonta, driven by Donald G. Butler, 23, of RD 2, Cooperstown.

Peter Engleman, 56, of box 116, RD 4, was arrested by officers Floyd Krom and Everett Emmick on Broadway near Liberty street, on a charge of leaving the scene of an accident after his car allegedly struck one owned by Jesse Lanzafame, of 16 Henry street early today.

A report at 2:45 a.m. said the Lanzafame car was struck and damaged on its right side while

Charles Lewis, 17, of Binghamton, who was swimming in the Susquehanna River there, and Roger Stevens, 14, of Ogdensburg, who fell into the Oswegatchie River while fishing.

At Yonkers, Melvin Gatsos, 16, of New York city, drowned when he fell from a rowboat.

Meanwhile, the U.S. toll continued to soar with many citizens stretching the holiday through the weekend. By 9 a.m. today the tabulation stood at 94 traffic deaths, 37 drownings and 35 lives lost from other misfortunes, for a total of 166.

Midnight last night was the close of a 30-hour Memorial Day measuring period which began at 6 p.m. Wednesday. During that time there were, in addition to the 92 traffic deaths, 37 from

### Moderate Criticism In Senate Anglo Act Seen Bolstering China

Washington, May 31 (AP)—Sen. Knowland (R-Calif.) told the Senate today Britain may be risking loss of the crown colony of Hong Kong by broadening its trade with Communist China.

Knowland, the Senate Republican leader, said the British are taking a "calculated risk" in deciding to ship what he called "strategic" materials to Red China.

#### Called Aid to Enemy

"These materials in time may strengthen Communist China to the point where she dares risk the responsibility of taking over the crown colony of Hong Kong," Knowland said. "That is the calculated risk being taken by the ministers of her majesty's government."

As one of the severest of congressional critics of Communist China, Knowland said he found it "difficult to understand" why Britain should decide on a course which could only result in strengthening "our common enemy" in Asia.

The State Department has expressed disappointment at the British decision to adopt the same list for shipments of goods to China that prevails in shipments to the Soviet Union.

This would reduce the trade controls to the levels applied to Russia and her satellites. The United States carries on no trade with Red China but has agreed in the past that her allies should sell so-called non-strategic goods there.

#### Strong Reaction Expected

Despite predictions that the British decision would cause some violent reaction among members of Congress, Knowland took what for him was a moderate view of the situation.

He did not condemn Britain, but followed the line of expressing disappointment and mystification at the London decision.

U. S. officials said the impact of the British action on relations with the United States would be determined largely by the degree of criticism aroused in Congress.

The British action came while many members of Congress were away from the city for Memorial Day.

#### See Equal Right

However, with activity resuming on Capitol Hill today, the reaction of senators and House members was expected to become apparent. Strong opposition was anticipated from some members.

But Sen. Green (D-R.I.), chairman of the Senate foreign relations committee, took a moderate view of the British action. Green said in a radio interview (Continued on Page 7, Col. 2)

#### Mayor Lauds Program

In welcoming the vast turnout of patriotic citizens at the stadium, disbanding point for a colorful, nine-division parade, Mayor Frederick H. Stang said "We must always keep alive the spirit of those who gave their lives that we might assemble here today in a free country."

He congratulated St. Ignatius Loyola Post, Catholic War Veterans, which had charge of arranging the parade and program.

"And I desire to compliment all who have taken part in this true display of Americanism," he said.

#### Ask Trust in God

William F. Edelmuhr, former mayor, and vice commander of St. Ignatius Loyola Post, was master of ceremonies for the program. He introduced the Rev. James Dunnigan, chaplain, for the invocation, and Rabbi Herbert L. Bloom of Temple Emanuel for the benediction, whose prayers memorialized the nation's heroes and called for trust in God to keep the country free.

Introductions were given by Commanders Rogers Murphy of the local CWV post, recently elected state vice commander; Howard T. Shurter of Joyce-Schirick Post 1386, officer-in-charge of the Ulster County Veterans Service Agency; the Rev. Robert T. Shellenberger, chaplain of Ulster County Detachment, Marine Corps League, also local and state chaplain of the Benevolent and Protective Order of the Elks; Ezra Quick, commander of Colonial Camp United Spanish War Veterans, and Kingston Fire Chief James M. Brett.

Taps were sounded by buglers from the Colonial Cavaliers, and a volley was fired by a squad of riflemen from the Marine Corps League.

#### Calls for Vigilance

"Today is a day of reverence for those who sacrificed their lives for America," State Legion Commander McKneally said and called for vigilance to protect the freedom they won and preserved.

"America stands out alone as the number one power in the world today," he stressed, pointing to the plight that has

### Paltz Reformed Church Votes \$28,850 To Preserve Historic Hasbrouck Home

Action by the Reformed Church at New Paltz will preserve the character of the 245-year-old Abraham Hasbrouck stone house on historic Huguenot street, it was indicated today.

The Rev. Garret J. Wulschleger, pastor of the church has announced that the church has contracted to pay \$28,850 for the house, which is across from the church, so that it would be spared possible modernization by some other owner in the future.

A New York Times report on the plan said the house would be preserved through the combined efforts of his congregation, members of the Hasbrouck family in many parts of the nation, the Huguenot Historical Society of New Paltz, and the Margaret A. Jamison Memorial, a foundation honoring the memory of a local philanthropist.

Abraham Hasbrouck was one of a group of Huguenots, who, driven from Europe by the persecution of Louis XIV, found their first refuge in Paltz on the German Rhine. They came later to the new world and settled in the area of Kingston.

### Cowardly Bull

Lebanon, Ky. (AP)—Patrolman

James Violette became an amateur matador in the Lebanon business section. When an escaped bull lunged towards him, Violette sidestepped neatly and the animal shot through the locked plate glass door of an appliance store. Afraid the animal would burst through the show windows near the main entrance, Violette ran around to the front of the store. There he beat on windows, jumped up and down, and made faces at the bull. The poor animal had enough. He turned tail, fled out the rear door and was herded into a waiting truck.

Schenectady, N. Y., May 31 (P)—The city council plans to repeal an ordinance that makes it illegal to use on an automobile "a warning signal other than a Beep horn, hand operated, with a rubber bulb...."

Corporation Counsel Charles W. Brown said the 1906 law would be the first to go in a program to remove outdated ordinances from the municipal code.

Albany, N. Y., May 31 (P)—Gov. Harriman has urged all of New York's congressional delegation to support a 14-million-dollar supplemental appropriation for flood-insurance programs.

He made the plea in telegrams sent Wednesday.

Angola, N. Y., May 31 (P)—Rescue boats criss-crossed a section of Lake Erie off Sturgeon Point today searching for any trace of a fisherman whose boat was found drifting there yesterday.

A power authority spokesman said holiday work was left to the discretion of the contractors. Office personnel on the authority and seaway staffs got the day off but engineers were told to stay on duty.

Hamilton, N. Y., May 21—Roy L. Ausman, 50, of Hamilton, was killed Wednesday when his automobile left a Madison county highway and hit a tree.

Dolgeville, N. Y., May 31—Dr. Vernon M. Parkinson, 68, who was superintendent of Pine Crest Tuberculosis Sanatorium at nearby Salisbury until his retirement in 1944, died yesterday after a long illness. He had served at the sanatorium since 1920.

Troy, N. Y., May 31 (P)—Miss Norine B. Keating, who retired two years ago after being superintendent of schools in nearby Green Island since 1936, died in St. Mary's Hospital after a brief illness.

Seventeen years ago, she organized the first high school in Green Island.

Lockwood, N. Y., May 31 (P)—Twenty-year-old Elwyn Hollenbeck, an employee of the town of Barton, Tioga county, was killed Wednesday when he was hit by a tree that was knocked over by a truck.

Batavia, N. Y., May 31 (P)—A portable television set with a 21-inch screen has been introduced by Sylvania Products Inc. The company said yesterday that the set, which has a screen four inches larger than available in previous portable models, weighs 49 pounds and has a suggested list price of \$199.95.

Buffalo, N. Y., May 31 (P)—Joseph Herko, a tavern proprietor, died yesterday of a cerebral hemorrhage. Police had said at first that he apparently suffered fatal injuries in a fall at his home.

Erie County Medical Examiner Milton J. Schultz issued a certificate of death from natural causes after an investigation.

He made the plea in telegrams sent Wednesday.

Angola, N. Y., May 31 (P)—Rescue boats criss-crossed a section of Lake Erie off Sturgeon Point today searching for any trace of a fisherman whose boat was found drifting there yesterday.

Missing since yesterday afternoon was George C. Nyman, 47, of Williamsville, a suburb of Buffalo.

Police said he was last seen at noon leaving a boathouse where he had rented a boat to go fishing. The boat was found about two hours later a mile from shore.

Saranac Inn, N. Y., May 31 (P)—Douglas Coo of Toronto is the new president of the Canadian Underwriters Assn.

Coo, Canadian manager of the Hartford Insurance Co., was elected at the group's annual meeting yesterday to succeed Dudley Trusler of Montreal, Canadian manager of the commercial insurance company group.

Other officers chosen were W. H. Bell of Montreal, first vice president, and George Burne of Toronto, second vice president.

Mr. Russell indicated that various research studies show that audio-visual aids "improve the students' speed of learning, increase the amount that they learn, and reduce the chance of failure in all grade levels."

**Pictures Increase Interest**

Pictures make lessons more interesting and stimulate interesting classroom questions which helps the entire class to get the same meaning about an object, he said.

Mr. Russell demonstrated a large number of the high quality aids available in Kingston schools, including training movies, film strips, records and tape recorders. He pointed out, however, that many other items are varieties of audio-visual aids.

Models, mock-ups, drawings, photographs, blackboards and even bulletin boards are actually visual aids, he said, and can be used very effectively for instruction.

Mr. Russell listed his opinion of various techniques of learning in order of value and preference. The first and best way "is for a student to do a job himself. He learns most rapidly and retains his skill best in that way."

**Demonstration Technique**

The second method is for the student to see someone else do a job. This is the demonstration technique. If these methods are not possible, the third method is to see a picture of someone doing a job. This is often accomplished by visual aids such as movies and slides. For some training, a fourth method is used in which a photograph of the object is shown while the teacher describes the object. A fifth method

is to see a sketch or diagram of the object, and the last method is to hear about an object without pictures, diagrams, or models. The weakness of the last technique is that it lacks stimulation and interest, and it is often hard to describe something fully.

"My living room is so difficult to furnish," sighed a young bride the other day. "It's so small and there are too few windows."

Actually, such a room presents a challenge to one's imagination and ingenuity. Furniture small in size and carefully chosen, walls light and plain, with draperies the same color as the walls, all help to make a room look larger. Carpeting laid wall to wall is another asset. And how about mirrors? They are unsurpassed for creating the illusion of size, and also they reflect existing light.

At the Accord Furniture and TV Mart on Route 209 in Accord (just a short drive from Kingston) you will find on display name brand furniture by Pennsylvania House, Kroehler, Valentine Seaver, Englander, Basic-Witz, Huntley, Sealy—to mention a few. Also a wide selection of rugs, mirrors, pictures and lamps. All at guaranteed lowest prices. Come in and browse at will through the Mart showrooms any weekday from 9 to 5:30, Saturdays to 7, and on Sundays it's "open house" from 2 to 6.

They are unsurpassed for creating the illusion of size, and also they reflect existing light—something to consider when windows are few.

and grammar. The use of a tape recorder to help a student compare his own pronunciation with that of a trained foreign language teacher was of interest to the group.

Mr. Russell pointed out that even field trips and television programs can be considered visual aids. When we try to consider them as visual aids, we must prepare for their use just as we would prepare to use a movie on arithmetic. In order to get full educational value from any of these aids the teacher must be familiar with the subject, review in advance the points covered by the training aid, and guide the pupils to look for important points. After presentation of the training aid

the teacher should ask questions of the class to bring out highlights. In this way field trips become learning experiences instead of just pleasure jaunts.

## DRINKING DRIVERS

The grave responsibility which rests with dispensers of alcoholic beverages was re-emphasized in Supreme Court here last week when a jury returned verdicts in an action involving the deaths of four local people. It was the first case ever tried in Ulster County for violation of Section 16 of the Civil Rights Law, alleging that a tavern proprietor sold intoxicants to a person already under the influence of liquor and that act resulted in the accident.

Sale of intoxicants to a person already under the influence of liquor, it was alleged, was an act contributing to the fatal accident and also was a violation of the New York State Alcoholic Beverage Control Law, which prohibits sale of intoxicants to a person who is considered to have already had sufficient liquor.

Testimony was offered to the effect that the unfortunate victims were at the tavern from 9:30 Saturday night until 1:45 Sunday morning. The driver of the car had been drinking during that time and the tragedy happened after they had left the tavern. The vehicle struck a tree.

Drinking drivers are to blame for a large share of the lives lost in highway accidents. That experience is borne out to a larger or lesser degree in virtually every state in the nation.

The problem of the prevalence of drunken drivers on the streets and highways calls for greater vigilance. And it seems to us that in this respect it transcends the hours in which the alcoholic beverages are dispensed.

## INDEFENSIBLE RIDER

One of Congress's little habits is to attach to current bills riders, or clauses dealing with some entirely different matter. Sometimes the aim to have the second item ride through on the coattails of the first. At other times the idea is to kill both by combining the enemies of both.

The latter scheme may actuate the proposal to add to the civil rights bill a right-to-work measure, forbidding union membership to be made a qualification for a job. The discordant combination comes from a Southern senator who is hotly opposed to civil rights laws. States now can pass right-to-work measures, if they wish, without needing federal permission. No Solomon is needed, therefore, to see that the proposal is an undercover maneuver to kill civil rights legislation.

Senator William F. Knowland, the Republican floor leader, is not fooled by the arguments of the rider's sponsor. As he says, "From a practical standpoint, the result would be that neither a civil rights bill nor a right-to-work bill would be passed."

Each measure should be considered separately on its merits. To tie them together is indefensible.

"Why be bald?" asks an advertisement. Most of us who are didn't set out to be bald. It was a case of hair today and gone tomorrow.

## FORGET THAT TAX CUT DREAM

Naturally there is always keen competition in the matter of taking credit for tax cut.

Word from Washington was that the Democrats had originally decided on seeking a reduction this year—to take effect next January—because they wanted to beat the Republicans to the punch.

President Eisenhower has been saying all along that a cut would have to wait, but evidently the Democrats feared a surprise move by the GOP.

Now Democratic leaders have given up their drive to enact a cut this year, while still voicing hope for 1958. And the President goes on reassuring that reductions aren't yet possible.

It isn't wholly clear whether the change in Democratic strategy reflects a reappraisal of budget prospects or a guess that the GOP after all does not have any tax surprises up its sleeve.

## A SLICE OF LIFE

This is a big nation of nearly 170,000,000 people and Mickey Cohen is a punk who lives in Los Angeles where he is well-known as a minor racketeer and treated that way by the local police. To show their contempt, they welcomed him home with an arrest not for murder or robbery, which may be regarded as major crimes and of some standing in the world in which the aforesaid Cohen seeks recognition, but for bum parking which shows what they think of him.

Mickey Cohen came to New York and got himself a fistful of free publicity as a prospective convert of Billy Graham which the Mick never became because he has no decency in his heart, only exhibitionism which he is given plenty of opportunity to display. Mickey Cohen was put on a television show run by one Mike Wallace, a show which I have never seen because it shows at a wrong hour for me; also, I prefer murders of people rather than of the King's English. My secretary tells me that I was once asked to join this enterprise but that she turned down the proposal all on her own.

Anyhow, I know nothing about Mike Wallace to his detriment except that he permitted the aforesaid Mickey Cohen to appear on his show and to use the occasion to denounce the very fine police of Los Angeles who refused to permit him to practice his misdemeanors and felonies in their bailiwick. It would seem that the American Broadcasting Company regrets that its facilities were used against Police Chief William H. Parker of Los Angeles by this no-good punk. Chief Parker is an excellent official who has a very difficult area to handle from the standpoint of police administration.

I am interested in a statement issued by Ted vision show run by one Mike Wallace, a show which appeared in New York newspapers. He said: "It was a complete surprise to us that he would use the words that he did."

Well, if such a brash person as Mickey Cohen is permitted on the air, what does one expect him to say? "How do you do? Is the rain in Spain exactly what is expected in Spain when it rains?" It is surprising that the two-bit guy did not use the language more normal to his kind. Why not invite people who go by such names as Gyp and Blood and Kid Twist to appear on television to tell the children of the country how to blind a guy for a couple of hundred bucks or how to drown a guy in a pair of cement shoes? What is the limit to what is to be brought into our homes? Maybe the producer of such a show as "What's My Line?" will improve his Tredex by having Lucky Luciano as the Surprise Guest and the "64,000 Question" will find a murderer whose knowledge of literature runs from Beowulf to Faith Baldwin. Where are we going to stop?

So, Ted Yates, Jr., says:

"Our function is not to hurt anyone for any reason. We're trying to show a real slice of American life. And Mickey Cohen and what he represents is a slice of American life whether we like it or not."

If Mr. Yates wants to cut the American population pie, Mickey Cohen and "what he represents" is not a slice of American life, but a crumb, a crummy crumb of it. Why did Mr. Yates not put on his show the men who blinded Vic Riesel and did not even know who he was? Their objectivity was superb: they would blind anyone if there was a buck in it for them. They did not love or hate Riesel; they did not know him. They did not even know his name. They just got some dough to put acid in his eyes. Isn't it reasonable for a man to earn a living!

Are we to believe that no brilliant showman has found a way to put them on television to let them tell what a slice of American life they are?

Look, Mr. Yates. I have news for you. Every city has a sewer, a foul-smelling, ugly sewer full of dirt. The sewer is not uncovered for anyone to know that it is impossible to have a city without a sewer.

## That Body of Yours

By JAMES W. BARTON, M.D.

## NEAR LIFE, NEAR DEATH, NEAR GOD

"Stanley Wisniewski, Jr., 26, is to be married at a Roman Catholic Church in Chicago, two weeks from today." A New York Hospital has scheduled an elaborate Jewish Passover seder for this Monday night. "Five Protestant denominations will celebrate an anniversary at a medical center in Austin, Texas." These three unrelated events, occurring in varied religious settings many hundreds of miles apart, are not recorded as mere social notes.

You might say that Wisniewski, like Lazarus, is risen from the dead. It was just before Christmas of 1954 that he collapsed at work in the X-ray room of Lutheran Deaconess Hospital in Chicago. Soon, newspapers all over the world were telling his heart had stopped, how a doctor had used a pocket knife to quickly open the chest cavity, and how—after two and a half hours of massage and drugs—the heartbeat returned to normal rhythm.

Details of the historic event were related last February 2, in the Journal of the American Medical Association by three physicians taking part. But the published reports ignored what to Wisniewski, at least—represented a significant corollary to the expert medical and surgical skill.

Throughout those crucial two and a half hours everyone within sight of the victim—fellow technicians, nurses, doctors—were praying, some audibly. Physicians summoned a priest from his fulltime duties at a Catholic hospital nearby and he administered last rites to the apparently dead Wisniewski.

In the Medicine at Work section of The Journal it is said that until now, these facts have not appeared in print. Why should any religious aspect of the case be reported? Was it not, after all, the learned skill of doctors that accomplished recovery? One of three authors of the Journal article, Dr. C. David Brown, wrote, "There appeared to be a happy combination of fortuitous circumstances and favorable coincidences and a vast amount of unselfish co-operative effort."

Now he says: "I was also going to add in the manuscript that there were fervent prayers during the procedure but decided this was not perhaps appropriate in a medical journal. Actually, we were never sure throughout that we were completely alone in this thing. We knew we were getting some guidance." Dr. Brown, a Congregationalist (two of his colleagues are Lutherans) is not calling the case a miracle. He simply relates an experience.

Dr. Salvatore Cutolo in "Bellevue Is My Name" tells of the annual Jewish feasts at Passover at Bellevue Hospital and describes the rabbi's ceremony for patients and staff as "second to none that are conducted in temples anywhere."

It was 11 years ago at Bellevue where every patient must be seen by a minister) that Francis Cardinal Spellman said, "The recognition of religion at this hospital is unique."

Today this uniqueness is becoming almost routine as thousands of hospitals have at least some provision for ministering to the spiritual needs of their patients. Texas Medical Center's far-flung Institute of Religion, centered at Austin, celebrated on May 8 the first anniversary of a program for training students in five Texas theology schools. This was followed by elective courses in religion for medical students "to help them learn about the resources the church can offer them in their practice."

Lifting Red China Embargo  
Termed Helpful to Russia

By DAVID LAWRENCE

Washington, May 31—Some times it seems that, if the Communists only wait long enough, they will out-trade and outmaneuver the West. For apparently the alliance of the Free World is not sufficiently sturdy or patient enough at times to maintain unity against the common enemy.

Pressed by British businessmen who want to sell their goods, the London government now has decided to relax its embargo on trade with Red China. Without getting a single concession in return, the British government has yielded to the Red Chinese and will ship to them many of the commodities which hitherto have been banned.

This will strengthen Red China to have access to tractors, trucks, locomotives, generators, and other vital commodities which hitherto embargoed.

The United States government is disappointed over the action and has said so publicly.

The British, on the other hand, are repeating a fallacious argument they have made often in the past—namely, that, since the goods can go into Soviet Russia, it is illegal to bar direct shipment to Red China of goods now going there indirectly.

## Burden on Russia

The answer is that at present it costs the Soviets and the Red Chinese lots of money and takes a great deal of valuable freight space to send the goods over the trans-Siberian railway from Russia to China. Likewise it is expensive to send by long sea voyage from Britain cargoes that can only be landed either in eastern European ports or carried to Siberian coastal ports—and all this with great difficulty and delay in certain seasons of the year.

Why should things be made easier for the Red Chinese, and the expenses of Soviet Russia cut down and her internal burden with scarce goods eased? These are questions which the British have not satisfactorily answered. It is known here that an influential lobby in England has been steadily pressing the Conservative government to relax the trade embargo, Britain exists to no small extent on world trade, and it is a sad fact that, even in the early years of World War I, some British companies, for instance, furnished the British with any goods to ship to Communist China? The rule here is that the same ban will be maintained as before on American exports, but it will be much harder to police this now since the British have begun to let down the bars.

Fifteen countries have been meeting in Paris for more than a month trying to work out a unanimous agreement on maintaining the embargo, but the talks broke down because the British wanted to "go it alone."

It is an unfortunate development and must be marked up as a signal victory for the Communists in the "Cold War." It was handed to them on a platter by Great Britain.

## Washington News

BY PETER EDSON  
NEA Washington Correspondent

Washington — (NEA) — It would be nice to pay off the national debt—and it could be done if you and every other man, woman and child in the country would pony up about 1,600 bucks apiece. That's about what the whopping 274-billion-dollar national debt averages out per person.

Now, how that debt has been managed will be one of the prime investigations by Sen. Harry F. Byrd's Finance Committee. Here are some of the background facts:

When the Eisenhower administration's fiscal team of Treasury Secy. George M. Humphrey and Undersecretary W. Randolph Burgess came to town in 1953 they had inherited a 266-billion-dollar national debt. They aimed to put more of it on a long-term refinancing basis.

TO A DEGREE they have succeeded.

In a little over four years the government's floating debt has been reduced by some 20 billion dollars—from 85 billion to 65 billion.

This big floating debt, held outside the Federal Reserve, was accumulated during the war when a lot of 2½ per cent bonds were sold.

This wasn't hard to do at the time. Insurance companies and banks had no place else to invest their money.

Since the end of the war, holders of these 2½ per cent bonds have been selling them off as fast as they could. Their purpose has been to reinvest in industry or municipal securities paying higher interest.

This has frequently pinched the Treasury in refinancing the public debt. It is doing so now.

## Questions - Answers

Q—Why does the state flag of California have a brown bear and the words "California Republic" on it?

A—It is patterned after the famous Bear Flag adopted by the Americans who revolted against Mexico in 1846. The bear symbolizes the determination of the settlers to fight for independence.

Q—Who was the first woman physician in America?

A—Elizabeth Blackwell.

Q—How did international law get established in the first place?

A—Some international laws have been agreed upon by treaties among nations. Others have grown into law through long years of custom and usage. There is as yet no way of enforcing international law except by war.

Experts Worried

Since the Treasury now gets 83 per cent of its net revenue from income and profit taxes, its dependence upon the swings of the economic cycle worry the experts—and inspires some to take a fresh look at the whole income tax structure.

The two income taxes brought in 56½ billion dollars last year. When they were started in 1914 they brought in 71 million dollars, less than 10 per cent of all federal revenue but in those days the rate on individuals ran from one to six per cent, and the rate on corporations was a flat one per cent of earnings.

Some raise the question whether the steadily rising collections,

**BABSON on BUSINESS****Babson Discusses Retailing**

Babson Park, Mass., May 31—One of the most helpful new movements today is a Club of One Thousand Members who have banded themselves together to help sell merchandise. They believe that the consumer is the ultimate determining factor in making business good or bad, and in regulating employment. Prosperity or depression depends not wholly on Washington or the nation's bankers, advertising agencies or even manufacturers. The humble consumer of every city, town, and country crossroad also has the future of American business in his or her hands.

American manufacturers are today spending billions to advertise their products in magazines, newspapers, and through the radio and TV. These most attractive advertisements are read or heard by millions, usually in the evening or during weekends. The readers, and especially the followers of radio and TV, are not told the nearest store where they can quickly see, feel, and buy the product advertised.

These One Thousand Club Members, most of them living in humble homes, and many disabled have joined forces to tell consumers by telephone the name of the retailer they should immediately

**DON'T BE A STATISTIC**—This "disaster" scene is in Odeshog, Sweden, where 35 men, women and children join in a grimly realistic plea for highway safety. These "victims" represent 35 persons actually killed or injured in auto accidents near the town, at one of the most dangerous sections of a highway linking Stockholm and Helsingborg.

contact. They then report to the manufacturer or his representative the name of the prospect making the inquiry. These One Thousand Club Members in one thousand cities, covering eighty per cent of the consumers in 10,000 communities, will operate the name of United Information Service. This name will be listed in one thousand telephone directories.

**Retail Clerks Must Wake Up**

This humble group, however, is not satisfied with the work above described. They insist that consumers who read the advertisements and listen to the radio and especially TV, are entitled to better service at the stores. The club members have found that, after they get people into the stores, they do not get proper attention. Although their study has not been completed, yet they have some definite suggestions with which to start. First, they are convinced that the owner of the store and each clerk should have some distinctive coat of the same color. The owner could have a star on his sleeve, and the clerks could have bars to indicate their years of service. The One Thousand Club Members would like to get all store personnel to adopt a certain shade of orange or crimson to distinguish them quickly from customers. This would apply to stores with one clerk or many clerks.

A second "must" in the case of large stores—especially the leading "Dime Stores," and all others using self-service—there should be a number hanging over each counter, with a bell. This bell would be for customers to ring.

**Use of Roller Skates**

I will not blame this final thought on the members of the One Thousand Club but will take the responsibility for it myself. It is this—that clerks in large stores should wear roller skates. Soon after birth the baby has a ride in an automobile and uses it more every year until death. The entire nation is going to wheels. Most retail clerks come to the store where they work either in an automobile or on a bicycle. They know it saves time and is more efficient. Why then do they return to the "horse and buggy" era and depend upon walking as soon as they enter the retail store at which they work? I am convinced that roller skating is coming back into general use.

I forecast that not only will we see clerks in stores on roller skates, but also a majority of pedestrians roller skates on sidewalks. Expenses of retailers are constantly advancing. The continual marking up of retail prices ultimately retards business. Clerks must do more to help retailers make a fair profit, or the stores will close and they will be out of a job. This means that clerks must do more to promote sales, and especially speed up their travels about the store. The entire nation is going on wheels from babyhood through life. This movement must be capitalized by retailers. However, please do not blame this last suggestion on the Club of One Thousand.

**P-TA Council Is Given Report on Recent Workshops**

Reports on two of the workshops offered recently at the Central-Hudson District P-TA Spring Conference held at Elenville Central School were given by Mrs. Edward Sheldon and Mrs. Raymond Gilkey at Monday meeting of the P-TA Council here.

More than 400 delegates, it was reported, attended the 10th anniversary of the formation of the Central-Hudson District. It was reported that 124 P-TA units now comprise this district, including Orange, Sullivan, Rockland and Ulster counties.

In the workshop on councils, discussion among the various council representatives centered around a council's purpose, program and fund raising. A council was defined as the soil from which the units grow. The group felt that councils existed primarily for aiding units on their problems and if a unit had no problem, its successes could be shared to help others.

For programs, the general trend among the councils present was to schedule one or two good ones a year pertaining to some phases of school program, leaving the rest of the meeting open to some planned order on problems or areas any unit might need help on. It was suggested that any programming in council should be of real help to units and should not conflict with or overlap program plans of individual units.

Some of the councils mentioned that they were publishing a news-

letter, others a calendar of P-TA programs and events; others were having a joint installation of officers and others a joint founder's day program and many had a legislative chairman, on council who would present pending bills that affect youth.

In general, it was agreed that P-TA's and councils were least of all concerned with fund-raising, but some money was needed to carry on a year's program for such things as administrative work, hospitality leadership training at conferences and institutes, scholarships contributions, founders' day program and for Teachers' Recognition Day.

Councils raised money primarily three different ways—by dues from each unit; or by one fundraiser activity a year or by a combination of both.

The workshop on school and community relations first of all reminded its audience that P-TA's aim at KUA—knowledge, understanding and action. This workshop took as its topic, "Basic Goals of Education." 1) Transmission of cultural heritage, 2) Development of social, physical, mental and emotional adjustment, 3) Moral, spiritual and ethical development and 4) Constructive use of leisure time.

In ways for working together, it was proposed that P-TA's must maintain a two-way communication system from teachers to parents and parents to teachers. Mentioned was the need for reviving the "T" in P-TA, that lots of leadership was being lost when the "T" is left out; that parents and teachers might share activities and work as equal officers; forming of parent study groups to work closely on school problems, out of which might come helpful action; and programming for

P-TA's should consider the topics and projects that are best suited to the tastes, needs and desires of each one.

At this last meeting of the first year of the Kingston P-TA Council, it was announced that the executive board, consisting of the officers and the superintendent of schools will meet next month to study the council's past activities and to plan the procedures for the future activities.

## SUCCESSFUL INVESTING...

by ROGER E. SPEAR  
Investment Advisor and Analyst

### Some Reasons Behind Market's Good Recovery From Feb. Low

Q. Why has the market been strong in recent weeks?

A. There are several reasons to explain why the market stopped falling in February and began to advance. Around February, many institutional and professional investors felt that stock selling had progressed so far that the market was low enough to open up many good buying opportunities. This interest in buying on the part of large investors was followed by the publication of first-quarter earnings reports. These showed that the general level of business profits in that period improved, whereas early this year many people had expected a decline. The favorable tone of the reports caused investors to turn optimistic and buy. Another important factor has been the publication of many articles indicating the growing belief that inflation cannot be permanently checked and that a new upward trend in the wage-price spiral is ahead.

It is too early to predict accurately the rate of business for the entire year, but with full employment and a high level of consumer, corporate and Federal spending, there is reason for optimism. And I believe that the inflation threat will be important throughout the year. While these factors are likely to generate more stock market enthusiasm in coming months, not all companies and industries are in a favorable position, and some have an unfavorable outlook, which necessitates a selective investment policy.

### Pangburn Named Again by Stang To Water Board

Mayor Frederick H. Stang today announced the reappointment of Howard S. Pangburn, of 10 Clifton avenue to the Board of Water Commissioners.

The commissioner's new term extends to May 31, 1962. He was appointed the first time by Mayor Stang to succeed John J. Schwenk, who subsequently became alderman-at-large. He has been serving as the board's president.

### Paltz Campus School P-TA Set Meeting Tonight

The final meeting of the Campus School Parent-Teachers Association at the State University Teachers College, New Paltz, will be held tonight in the Campus School gymnasium at 8 o'clock.

According to Mrs. Robert Pyle, P-TA program chairman, the meeting will feature the election and installation of new officers and the annual spring concert by the children of the Campus School.

#### Charter Presentation

Dr. Dorothy T. Hayes, chairman of the Education Division, New Paltz, will present the Campus School P-TA charter and will conduct the installation ceremony for the new officers. Dr. Hayes is a member of the board of managers for the New York State Congress of Parents and Teachers and is chairman of the committee on cooperation with colleges.

Beginning at 8:30, the annual spring concert under the direction of Milton Ottesen will feature a presentation of numbers by the Campus School orchestra, the fifth and sixth grade chorus, and the junior high school choir.

Following the concert, the P-TA will present a new musical instrument to Mr. Ottesen for use in the Campus School.

#### Pays \$50, Loses License

Engleman pleaded guilty before City Judge Raymond J. Mino later this morning. His license was revoked and he was fined \$50.

James Robert McCarthy, 59, of Catskill, reported injuries of the neck and right forearm and Elizabeth Fabysack, 16, of Port Ewen, reported a head injury as the result of a mishap near 456 Broadway at 3:40 p. m., Wednesday.

Officers Thomas McGrane and Harold DeGraff said that the sedan of Nicholas L. Bruck, of Box 61, RD. 3, driven by Eleanor Marie Bruck, 16, of the same address, headed north on Broadway, struck a pickup truck, owned by George Greenberg of Catskill, and forced it into the car of Harry Frey, of 52 Clinton avenue.

The Port Ewen girl was injured when her head struck the windshield of the Bruck sedan, the report said. McCarthy, who was also slightly injured, was driving the pickup truck. The Bruck car was towed from the scene.

Wayne Geisler, 6, of 24 Court street, was reported slightly injured at 8:40 p. m., Wednesday when he came in contact with the car of Philip F. McDonald, of 307 Main street, on Broadway, near Staples street. The police report said the boy ran from between two cars. He was taken to Kingston Hospital by his father.

### Financial and Commercial

New York, May 31 (AP)—Oils and steels extended their gains early this afternoon as the stock market moved higher.

Key stocks were ahead fractions to a point or more but there was a scattering of small losses.

The rise was concentrated in the industrials. Utilities were mixed and leading rails were irregularly lower.

Trading slackened a bit following the Memorial Day holiday.

Oils continued to ride ahead on Wednesday's news of the higher prices for crude at Persian Gulf ports.

Aircrafts recovered partially after a lower opening. Motors were narrowly mixed.

The Associated Press average of 60 stocks rose 40 cents to \$184.10 with the industrials up \$1.20, the rails off 30 cents and the utilities unchanged.

Prices were higher on the American Stock Exchange in moderate trading.

Corporate bonds eased in quiet trading.

U. S. Government Bonds declined in light transactions.

### State Chairman Will Be Speaker At Party Dinner

**MICHAEL H. PRENDERGAST**

It was announced here today that reservations are approaching the sell-out mark for a fund raising Democratic dinner at which Michael H. Prendergast the party's state chairman will be the principal speaker.

Raymond J. Schuler, former supervisor of the fourth ward, chairman of the dinner, which will be held June 10 at Tropical Inn, Port Ewen, said the deadline for reservations is Monday, June 3.

There has been a big response to announcements and tickets sent by mail, he advised, that "once the seating capacity of the inn has been reached no more reservations will be accepted."

#### Called Great Leader

Attorney William A. Kelly, chairman of the Ulster County Democratic Committee, commenting on selection of the speaker said "We are proud to have him on our program. He's a vigorous, dynamic, successful leader, who deserves much credit for state gains in recent elections.

Mr. Prendergast, who is director of safety for the state, who resides in Haverstraw, was born in Grassy Point September 22, 1913, and has been a resident of Rockland county all his life. He got his start in politics ringing doorbells when he was 16. He has been Rockland county chairman since 1950.

The first year he was elected to the post, the Democrats

gained a five member majority in the board of supervisors for the first in 25 years and have held it. Mr. Prendergast was one of the first county chairmen to urge the nomination of Averell Harriman for governor.

He is captain of the Haverstraw Fire Department and is a member of the Hudson Valley Volunteer Firemen's Association and the New York State Volunteer Firemen's Association. He is a Knights of Columbus, a member of the Holy Name Society, American Legion and Ancient Order of Hibernians.

#### Patron Tickets

Among reservations to hear him are a number from counties extending from Washington county to and including the city of New York, Mr. Kelly said.

He advised that special arrangements for a limited number of patron tickets may be made with him or Joseph J. Koenig, treasurer of the county committee.

Money raised at the dinner will go to the party treasury to promote its county programs.

### Monkey Destroyed After Week of Freedom in Area

Michael, a five-year-old Rhesus monkey, owned by William T. Fleming, of Shokan road, Lomontville, has swung from his last tree.

The tree-swing had to be destroyed Thursday, ending a week's escapade in which he took to the Lomontville woods after breaking loose from his chain.

#### Attacked Animals

Charles Hampson, a friend of Mr. Fleming's, told The Freeman today Michael had "reverted" to his wild character, attacking dogs and sheep, a guest "and even started after me."

Michael, it was reported, had been growing more and more petulant until the ring on his harness broke May 22 and he took off for the Lomontville woods.

**Easing of Trade**

In Providence, R. I., last night: "Our foreign policy is determined by ourselves, what's to our interest, and we may like to persuade other countries to act with us. They have an equal right to act in their own interests."

#### Urge Realistic View

Sen. Sparkman (D-Ala.) a member of the foreign relations committee, commented: "I think we have to be realistic. It's easy for us to resent trade with Red China, but our economy doesn't depend so much on it.

The economies of other countries, notably Great Britain and Japan, do. I think we can be more realistic insofar as their needs are concerned."

Sen. Knowland of California, Senate Republican leader, has been outspoken against any trade with the Chinese Communists, contending this would increase their war-making capacity. He declined comment last night on the British action.

#### Hits U. S. Policy

Sen. Fulbright (D-Ark.), a member of the Senate Foreign Relations Committee, aimed his criticism at Eisenhower administration foreign policy, saying the British move—despite American urgings to the contrary—is "further evidence of our rather sterile policy toward China, with no prospects of it leading anywhere."

This country does not recognize the Communist Chinese government, although the British do. The United States also has no trade relations with the Red Chinese.

In its statement on the British action, the State Department announced that the United States intends to hold firmly to its policy of "total embargo" on all American trade with Communist China.

The department also described the U. S. government as being "most disappointed" by the British action, which marked a heavy defeat for American diplomacy.

#### Least Known Colony

Some 38,000 people live in one of Britain's least known colonies, the Indian Ocean's Seychelles archipelago. Only a few hundred of these inhabitants are Europeans and they, in turn, are more French than British.

### Onteora Poll

by way of appeal to the commissioner of education or by other legal steps in the courts to get the election set aside."

District No. 5 vote as West Hurley was also challenged when it was announced that an appeal had been taken to the commissioner of education May 2 by a group of West Hurley residents, seeking to review the vote taken April 6.

#### Notices Served

Notices of the appeal have been served on the trustees of the district and on the commissioner of education.

Both appeals were based on the assumption that among the elections was the voting of persons not qualified to vote.

Reginald R. Bennett, district superintendent of schools and John J. Moehle, supervising principal of Onteora Central School, representing the Board of Education, outlined reasons which, they said, would produce mutual benefits for the districts involved if annexation were voted.

Among reasons they listed were: 1) A broader and better high school educational program. 2) Add five and a quarter million dollars of assessed property to Onteora's 12 1/4 million. 3) Increased state aid monies, and 4) Settle once and for all the physical size of the Onteora District.

Other Finalists

Other finalists were George Brink and Jean Attwell of Mt. Marion; Janet Barca of Barclay Heights; Gail Walbrecht of Veteran; Gretchen Coons of West Camp; Heather Graff of Mt. Marion; Barbara Lindhurst of High Woods; Helene Copeman of Canoe Hill; Audrey Finger and Marcia Dederick of Katsbaan and Carol Robinson of the village.

Early in the program each contestant was introduced by Mr. McCarthy and brought to the stage where Mr. Reynolds presented each with the pageant bracelet.

Dignitaries introduced were Town Supervisor Peter M. Williams, John Lynker, president of Skylark Corporation which operates station WSKN and the officers of the Saugerties Chamber.

The panel of judges included Mrs. George Nichols, member of the faculty of Woodstock School; S. James Matthews, Kingston attorney and Alex Oseña, announcer and disc jockey of Saugerties radio station WSKN.

Others on the committee were: Miss Betty Ann McGuire, Arthur H. London, John Offermann, Mr. Reynolds, Otto Bumb, Willett C. Overbaugh, Chamber vice-president and Mrs. Overbaugh; Mrs. Edna Schoonmaker, Albert J. Cawein, Chamber executive secretary and Mrs. Cawein.

### Where Antelopes Play

Lander, Wyo. (AP)—It's a frequent sight in western Wyoming to see a rancher driving down the road, his speedometer registering 55 to 60 miles per hour, in a race with the antelope. And for short distances the antelope can keep up. "Cruising speed" for the spindly legged creatures is 35 to 40 miles an hour. They can hold that pace for miles.

### Guard Freedom

Day services and parades.

Parades and memorial services were held in Port Ewen, Saugerties, Highland, Catskill, Boiceville, and Marbletown.

Area churches also held services and prayers were offered for world peace and America's servicemen and women who had made the supreme sacrifice in all of the country's wars.

#### Esopus Pays Homage

Flag-decked graves in cemeteries, unfurled by a moderate breeze, stood as a grim reminder, pointed up by Memorial Day addresses, that America must continue to strive as the leader of world peace.

Two divisions of marchers paraded in the annual Memorial Day parade sponsored by Town of Esopus Post, 1298, American Legion, in Port Ewen.

The line of march formed at Sunset Drive and Route 9W and paraded to the Port Ewen Cemetery where services were held. Supreme Court Justice Roscoe P. Elsworth was grand marshal.

#### Saugerties Parade

A two-division parade marked Saugerties' observance of the holiday.

Led by the Saugerties Drum Corps and the Father Harty Drum Corps, marchers disbanded at the servicemen's memorial on the Saugerties High School lawn where Supervisor Peter Williams, town of Saugerties, read the list of 60 former town residents who made the supreme sacrifice in the nation's wars.

The firing squad was directed by Former Mayor Arthur F. Simmons.

The observance was sponsored by Saugerties Memorial Post, 5034, Veterans of Foreign Wars and Lamouree-Hackett Post 72, American Legion.

Boy Scouts of the Saugerties district also participated in the ceremonies.

#### Parade in Catskill

Catskill's parade of three divisions was headed by The Catskill Boys Club Band, resplendent in their new red and blue uniforms, and the All Girls' Drum and Bugle Corps of Coxsackie.

A program was held at Catskill Cemetery where Justice of the Peace George L. Cobb was the principal speaker.

The parade was followed by a traditional ceremony at Rip Van Winkle Bridge where members of Lt. Charles A. Vroman Camp 129, United Spanish War Veterans and their Auxiliary cast red, white and yellow flowers on the Hudson river waters in honor of the sea dead.

A dinner followed at the Makris Restaurant, Catskill.

Olive Memorial Post 1627 and Phoenixia Post 950, American Legion, conducted a parade and service at Onteora Central School in Stone Ridge.

### Rosendale Group Hears Role of Women in India

The role of women in India's independence movement was described by Mrs. William Haggerty of New Paltz at a recent dinner in observance of the 25th anniversary of the Rosendale Woman's Club held at Williams Lake.

Mrs. Haggerty, wife of Dr. William Haggerty, president of New Paltz State Teachers College, traveled extensively in India when her husband was educational advisor to the India government.

#### Interested in Community

Mrs. Haggerty told more than 65 members and their guests at the dinner that Indian women are becoming more interested in community affairs, participating in numerous fields of endeavor and playing an important part in that country's independence movement.

She stressed that while many are illiterate they are intelligent. Mrs. Haggerty showed slides of trips she and her husband made in India.

The invocation was delivered by the Rev. Cuyler T. Thayer. Mrs. Gene Van Winkle, president of the club, welcomed the guests and noted that the local club was founded to "fulfill a need in the community, state, country and internationally."

### Paper Plates Do Away With Much Drudgery

PAPER PLATES have come into their own in the modern home and offer several ways to bypass much homemaking drudgery.

By GAYNOR MADDON

NEA Food and Markets Editor Today's young homemakers have learned that the drudgery of dishwashing can be intelligently bypassed. Modern paper plates offer one solution.

In the kitchen they can be used to protect work surfaces from drippy mixing spoons; placed under the flour sifter; and as handy platters when chopping fruit, vegetables and nuts.

They are hygienic for feeding the baby and their use banishes dirty dishes from after-school or midnight snacks.

#### Celery-Oven-Fried Chicken (4 servings)

One-half cup all-purpose flour, 1 teaspoon salt, 1/2 teaspoon pepper, 1/4 teaspoon celery seed, one 3-pound frying chicken, cut in

serving pieces, 1/4 cup melted butter or margarine, 1/4 cup salad oil.

Combine flour, salt, pepper and celery seed. Coat chicken with flour mixture. Combine butter or margarine and oil; pour into shallow baking pan. Arrange chicken, skin-side down, in butter or margarine mixture.

Bake in moderate oven (350 degrees F.) 45 minutes; turn chicken. Bake 45 minutes, more or until chicken is tender; baste occasionally with drippings during baking period. Serve on plastic-coated paper plates.

**TOMORROW'S DINNER:** Celery-oven-fried chicken, frozen potato puffs, frozen baby Lima beans, heated rolls, butter or margarine, sliced tomatoes with chopped scallions, cantaloupe filled with fresh berries, coffee, tea, milk.

as a park. The first community Christmas tree was erected by the club in 1938, and all expenses for the continuance of this project were defrayed by the Woman's Club. At present, there is a permanent tree lighted and maintained by the village.

The community loan closet, equipped with hospital beds, crutches, wheelchairs, bedside tables and many other items, available at no charge to the people of the township, has been very much in use. The club sponsors an annual scholastic award, presented to the seven schools in the districts to be awarded to children showing greatest improvement scholastically.

Also, a medical aid group, sponsored and trained by members of the club, was selected to participate in a "dry run" of Civilian Defense at Goshen last fall.

#### Other Projects

Other projects by the local club include: Christmas baskets sent to needy families annually, boxes of used clothing sent to foreign relief agencies; annual

### Fire-Fighting Is Shown Cub Pack 4 By Ulster Hose

In keeping with the cub scout theme for May, the firemen from Ulster Hose No. 5 Fire Company gave a fire-fighting demonstration at Esopus Creek for Cub Scouts of Pack 4 and their par-

ents Sunday, May 26. Louis Avery was in charge with the following firemen assisting: George Dahl, Louis Avery, Orville Klomps, Milton Davis, Alfred Kilmer, Donald Reed, Roy Thomas, Jay Henion and George Spoonhauer.

After the demonstration the regular Pack Meeting for the month was held in the firehouse. John Garon, elderman from the Fair Street Reformed Church, presented an American flag to the Pack on behalf of the constituency of the church.

In the Court of Honor, Cub Master Herbert Herdman and Assistant Cub Master Peter Emerick presented awards to Bruce Southard, Rodney Williams, Robert Haynes awarded Bobcat Pins, David Short one Silver Arrow, Donald Reed two Silver Arrows, Sam Fratoni Jr., Bear Badge and one Gold Ar-

row.

After the meeting a picnic supper was held on the grounds of the firehouse.

On Armed Forces Day, the Pack visited Stewart Air Force Base. The bus was donated by Donald Partridge.

Place wilted vegetables in ice-cold water or between layers of crushed ice to refresh them. Then cover with clean damp cloth and store in refrigerator.

### Gets Early Start

Warren, Ohio (AP)—State patrolmen were amazed recently when they stopped a car on Ohio 5, just west of here. The driver was eight-year-old Terry Evans. Terry's stepfather, John R. Jones, of Newton Falls, told patrolmen he didn't know it was against the law. Jones was cited for permitting an unlicensed minor to operate a motor vehicle.

1—Because of the anticipated demand for seats for our opening presentation "Pajama Game," we're running two extra performances on Sunday, July 7th.

2—The extension of "Pajama Game" necessitates that we remain closed on Monday, July 8th, in order to make ready the theater for Miss Roth's appearance in "Primrose Path." When ordering season tickets for Monday night please indicate your choice for either the twilight or eve. performance on Sunday, July 14th.

3—The twilight performance is being initiated this season as a substitute for the usual matinee. We feel theatergoers will welcome this change during the summer months. Twilight performances will begin at 6 P. M.

**Boy Slays Father**  
Tamaqua, Pa., May 31 — A 14-year-old boy shot his father to death yesterday as the older man broke into the family home from which he had absented himself for some time. Charles Hayes told police he and his mother were afraid of his father, William, 38, "especially since he was out of jail" and that he had threatened him several times on the telephone. Summoned twice to the address when the elder Hayes was seen in the neighborhood, the police had just left after the first visit when he broke a window pane and started to enter the living room from an outside porch.

**Sign Trade Pact**  
Hong Kong, May 31 (AP) — Egypt signed a trade contract today with another Communist country, North Viet Nam. Radio Hanoi said Viet Nam would exchange rice, tea, linseed oil, coal, cement and timber for Egyptian cotton, cotton yarn and cloth. Egypt already has trade agreements with the Soviet Union, Czechoslovakia and Communist China.

**Must Refute Theories**  
Princess Anne, Md., May 31 (AP)—Negroes must constantly refute theories of racial inferiority for which there is no scientific basis, a prominent Negro attorney told the graduating class of Maryland State College yesterday. Thurgood Marshall, chief counsel for the National Association for the Advancement of Colored People, said it is the duty of the Negro

graduates "to convince people to get back to basic moral principles behind our democratic form of government." The theory of democracy will be fully realized, he told the 50 graduates, when "the child that is born the blackest, poorest, most underprivileged sharecropper in Mississippi merely by drawing its first breath of democratic air is automatically endowed with the same rights as John D. Rockefeller's child."

### Surgery on Heart

Philadelphia, May 31 (AP)—The University of Pennsylvania Hospital today announced the discharge of a 40-year-old construction worker after successful heart surgery in which not only his heart and lungs but also the patient's brain had been shut off from their normal blood supply for more than an hour. It was reported to be the third successful operation of its type in this country. The patient, Robert Mills, could have survived only a few weeks without the operation. An aneurysm—blood clot—in the aorta, the principal heart artery, was removed by delicate surgery and replaced by an arterial graft from an artery bank at the hospital.

### Atomic Test Off

Atomic Test Site, Nev., May 31 (AP)—The second shot in the summer atomic test series has been canceled because of adverse weather. The explosion was called off shortly before midnight after officials said winds could carry radioactive fallout over communities southeast of the site, including Las Vegas. Another briefing was set for 4 p. m. PDT today.

## New Guidebook Is Announced By Appraisers

Joseph Dinkin of Middletown, president of the Mid-Hudson Chapter, Society of Residential Appraisers, which will hold its next dinner meeting at the Kirkland Hotel, Kingston, on June 19, today announced publication of a guidebook prepared by the Society entitled "Suggested Procedures for Acquisition of Private Property for Public Use."

The guidebook, prepared under the direction of Kenneth E. Sars, Racine, Wisconsin, international president of the Society, who visited New York state last March to present the Mid-Hudson Chapter with its charter, is not available for public distribution but the Mid-Hudson Chapter will have several copies available to lend those interested in comprehensive standards for appraisal, personnel and procedures for highway acquisition. Copies will be distributed without charge to New York state highway officials and attorneys with an interest in highway acquisition cases.

Standards for highway acquisition are of concern to every owner of real estate, Mr. Dinkin pointed out, whether his property abuts the proposed right of way, is one mile, 10 miles or 100 miles away. The 13-year federal highway program will have a dynamic effect on land values in almost every county in the United States.

Measuring "just compensation" to owners of private property taken for public use is achieved by appraisals of the property's market value at the time of taking. Since real property is probably the most diverse

Wadena, Sask. (AP)—The cookies had all gone, but a well-worn path gave a clue to Mrs. E. Lobar, who had placed a big stack out on the porch. The cookies had been carried away, one by one, by a skunk active in the mild spell. The trail led to a skunk's den.

### Jaycees Fashion Show Scheduled on June 15

Woodstock, May 31 — Plans were completed for the forthcoming fashion show at the meeting of the Jaycees last Monday night at the home of Mrs. Gerald McCabe. The show will be presented Saturday, June 15, at the Woodstock Town Hall at 2 p. m. Tickets may be purchased at the shops participating or from a Jaycee member. Refreshments will be served.

The stores participating are: The Little Shop, Hilda Lightstone's, Bonnie's The Elaine Charles Shop and the Robert John Leather Shop.

The models are: Mrs. Arthur Hanson, Mrs. Telford Graham, Mrs. Roger Cashdollar, Mrs. Philip Pearce, Miss Bonnie Hartfuer, Mrs. Robert Hastie and Mrs. Gerald McCabe. The models for children's wear will be: Pamela Pearce, Stephanie and Tom Graham, Lynne Baccari, Steve and Jim Summers and Jeannine Fallon.

The commentator for the event will be Lucile Haley, merchandising editor of Harper's Bazaar Magazine. Background music will be supplied by Mrs. Richard Brean.

It was announced that members of the Jaycees will help with the sale of hot dogs at the Little League baseball games in June and July. Any teenagers who are interested in helping with this project are requested to call Mrs. Roger Cashdollar.

Plans were also made for the charter luncheon, date to be announced. Wives of members of the Junior Chamber of Commerce who wish to attend the luncheon are asked to call Mrs. Robert Hastie by June 4.

Mrs. Gerald McCabe and Mrs. Philip Pearce attended the New York convention, and reported on the events which took place.

Announcement was made that the project proposed for next winter will be mental health.

The next meeting of the group will be held June 24, at the home of Mrs. Ernest Levins, of Hurley Ridge. Wives of members of the Jaycees are cordially invited to attend.

### P-TA Meeting Is Set Will Move on June 4

Woodstock, May 31 — Because of anticipated building operations on its present site, the Woodstock Guild of Craftsmen has leased space in Parnassus Square for its summer classes in weaving, beginning Tuesday, June 4, from 1:30 to 4:30 p. m. Classes will be under the able direction of Esther Sluizer who has directed the weaving courses under the Guild's adult education program since 1952.

The new quarters will be spacious and cool and will also eliminate some of the parking problems of the village proper.

Each course in weaving will consist of ten three-hour lessons and those who wish to enroll should see Mrs. Katherine Wangler at the Guild Shop. Weaving is among the most ancient of crafts and a knowledge of hand-

looming can lead to a vocation, a hobby or an interesting means of making distinctive hand-wrought fabrics for stoles, scarves, handbags and other personal accessories as well as articles for home decoration.

### Scout Newspaper Drive Is Reported Success

Woodstock, May 31 — The community exhibited great interest in the Boy Scouts of Troop 34 who set up a tent on the village green as headquarters for the newspaper collection campaign last Saturday. This was one of five tents recently purchased for the use of the Scout Troop when it goes off on camping trips. These tents will be put to use for the first time when Troop 34 joins the other units of the Rip Van Winkle Council at a Camporee at Camp Trimount in East Jewett this weekend.

As for the newspapers and scrap metals, the Scouts collected a huge amount of them last Saturday, and the final effort will be made on Saturday, June 8.

### Church Notices

#### Dutch Reformed

Woodstock, May 31 — The 11 a. m. service of worship in the Dutch Reformed Church Sunday, June 2, will be under the direction of the laymen of the congregation. Sunday school meets at 9:30 a. m. A nursery is provided for younger children.

Christian Endeavor meets at 8 p. m.

The Lydian Society will meet in the basement on Wednesday June 12, at 2 p. m.

Sunday, June 9 will be observed as Pentecost Sunday.

Father's Day will be observed Sunday, June 16, and at the service the couples whom the pastor, the Rev. Harvey I. Todd, has married, will be invited as special guests.

On Sunday, June 30 Children's Day exercises will be held in the afternoon the Sunday school and congregational picnic will take place, further details will be announced.

## World News in Brief

### Beirut Under Guard

Beirut, Lebanon, May 31 (AP)— Soldiers and police guarded strategic spots and armored cars patrolled this capital city today in the wake of yesterday's political violence. Eight rioters were killed, about 70 wounded and more than 200 put under arrest as the army squelched a demonstration by government opponents.

### Freed in Bombing

Montgomery, Ala., May 31 (AP)— Two white men—one a teenager—were acquitted yesterday of charges of bombing a Negro church.

A white male jury returned its verdict of acquittal for Raymond C. Britt Jr., 27, and 19-year-old Sonny Kyle Livingston Jr., after deliberating 95 minutes.

### Woman Found Safe

Rawlins, Wyo., May 31 (AP)— A 45-year-old Minnesota housewife who survived a mountain-top plane crash that fatally injured her husband was rescued yesterday after 19 days of patient waiting.

Mrs. Dalton LeMasurier was found without shoes and in flimsy clothing near the body of her radio-executive husband.

She never had a fire in the frigid clime.

### Envoy's Son Back

Chicago, May 31 (AP)— The teen-age son of an Italian diplo-

mat, the object of a nation wide search for six weeks, says he's not sorry he ran away from home and doesn't believe he should be punished.

But the boy, Vittorio Barattieri, said he's sorry that he caused his parents so much distress because of his absence for 44 days.

The 14-year-old tall, blond youth returned home with his parents from New York city last night, some 24 hours after he had been picked up by the FBI.

### Ask for Justice

Chicago, May 31 (AP)—An end of resistance to integration of races has been urged by the Southern Baptist Convention, which has demanded that those who perpetrate violence against Negroes in the cause of segregation be brought "to legal justice."

A report by the Christian Life Commission which urged protection for Negroes "or any other individual or group who seeks to live in a chosen community as free citizens engaged in peaceful pursuits, according to their own conventions and conscience," was unanimously adopted by the convention yesterday.

The report warned that those who persist in discriminatory laws, and suppression of freedom will soon lose their own freedom.

For the very formal spring or summer wedding, a bride might pick this magnificent dress in white silk peau de soie lavishly appliqued with French imported re-embroidered Alencon lace in an old ivory color. The gown has a willow, long-waisted bodice and flowing cathedral train. This bride wears matching lace toque cap with silk illusion veil in full length.

## Early Flower Arrangements Important

BY DOROTHY A. NAREL  
Freeman Society Editor

"The bride carried a white orchid and shower of swansonia," is the usual description of today's wedding accounts.

The Bible has become quite fashionable, since many times, the clergyman will even use the bride's Bible for the ceremony, at her request.

Another equally popular floral arrangement for the bride is the cascade bouquet of white roses with a corsage fitted in the center.

Following the reception, the bride lifted the corsage out to wear with her going-away outfit, and as tradition dictates, tosses the bouquet to her bridesmaids.

Other popular flowers that the bride may choose are stephanotis, white and red roses, gardenias, carnations, and for background

effects, lemon, ivy and huckleberry leaves.

Bridesmaids usually carry red, yellow or pink roses, daisies and swansonia.

Shapes of bouquets are many—they include the colonial bouquet, nosegay, cascade, arm spray (which is considered old fashioned today) and crescent shapes.

**FLOWER ARRANGEMENTS**

should be made early enough in order that the florist may have sufficient time to place his own orders and make up the desired shapes. The bride and her mother should go as soon as possible to see the florist and ask him for an estimate for the decoration of the church or house, and for the bridesmaid's bouquets. Whether they or the bridegroom are to order the

bride's own bouquet depends upon the custom of the community.

Usually, today, the bride orders her own bouquet and the bridegroom orders her "Corsage bouquet" to wear when she leaves the house on the wedding trip.

In some communities, it is customary for the bridegroom to send flowers for the mothers and grandmothers to wear at the wedding.

If the bride insists on wearing white for her second marriage, she may wear a simple street length gown with a hat. Otherwise she may choose any style dress in various shades of color.

Engraved invitations are not in good taste for a woman's second marriage. She should, instead, send handwritten notes or possibly messages on visiting cards.

A widow may not wear a bridal veil, nor does she have bridesmaids, though she may have a maid or matron or honor.

If she has not done so long before, she should either remove, or else transfer, her first wedding and engagement rings to the third finger on her right hand as soon as she becomes engaged.

Usually a widow writes personal notes of invitation to a very quiet wedding, but this is no reason why she cannot have a lovely wedding.

Although she usually chooses a dress and hat of color, she may, if she wishes, wear all white, but of course not a bridal veil nor orange blossoms.

Regarding presents for a second marriage, an occasional few special friends and perhaps close relatives send presents for a second marriage, but there is no obligation—nor should there be any expectation—of anyone doing so.

## Wedding Reception Should Be Planned

The bride's table, at the reception, should be charmingly set and decorated. Guests' tables are set like it, without the elaborate floral decoration.

The table is usually decorated with white garlands or sprays, and in front of the bride, as its chief ornament, is the wedding cake.

Seating at the bride's table is as follows:

The bride and bridegroom always sit next to each other, she at his right, the maid or matron of honor at his left. The best man is at the right of the bride.

Around the rest of the table are bridesmaids and ushers alternately.

**TABLE OF THE PARENTS** differs from other tables in nothing except its larger size and the place-cards for those who have been invited to sit there.

Mother of the bridegroom always sits on the right of the bride's father, and opposite them the bridegroom's father is on the right of the mother of the bride.

Other places are taken by intimate friends and the clergy, if they attend.

It is usually the best man who proposes a toast to the newlyweds. All present, except the young married couple, rise to drink the toast.

**DANCING AT THE RECEPTION**

is always started first by the bride and her husband. The bride then dances the second number with her father-in-law and then her father. The bridegroom dances the second number with his mother-in-law and then his mother.

At the conclusion of the reception, change into their going-away clothes and depart after bidding their families and weding guests good-bye.

## Second Time Bride Does Not Wear White

A second time bride, may not wear a typical white bridal dress and veil, nor orange blossoms, according to Emily Post.

Whether or not a divorce may be married in her church depends upon the circumstances of her divorce on which would depend the approval of her clergyman. Usually the marriage takes place in her own house, performed either by a clergyman or a justice of the peace. A small reception follows.

If the bride insists on wearing white for her second marriage, she may wear a simple street length gown with a hat. Otherwise she may choose any style dress in various shades of color.

Yuma, Colo. (AP)—Mrs. Betty Jo Seedorf is careful now about what she tells her son, Ricky. Not long ago, she handed Ricky a dollar bill and told him to "share it with your sister, Cheryl." Ricky did. He and Cheryl turned up moments later, each clinging to half of the

reception.

The bride is a graduate of Kingston High School and attended New Paltz State Teachers College. She is employed as a secretary for IBM in Kingston.

Her husband is a Kingston High School graduate and is an

employee of the New York Telephone Company in Kingston.

For her wedding trip to Washington, D. C., the bride wore a pale green dress and coat, tan accessories and a corsage of orchids.

The couple will make their future home in Hurley.

## Joseph Marx of Kingston Weds Connecticut Girl; to Make Future Home in Milford

Miss Madeline Mary Sander, daughter of Mr. and Mrs. George J. Sander of 45 Harrison avenue, Milford, Conn., was married to Joseph Peter Marx, son of Mr. and Mrs. Henry J. Marx of Kingston, Saturday, May 25, in St. Gabriel's Church, Milford, by the Rev. Francis J. Bratton, pastor.

Elaine Ellison played the organ and Mrs. Grace Bayers sang.

Mr. Sander escorted his daughter, who was gowned in embroidered Swiss organdy made with a portrait neckline of pinwheel pattern, short sleeves and mitts to match the dress. A bouffant skirt in scalloped redingote effect, terminated in a chapel sweep. She also wore a double tiered silk illusion veil which fell in fingertip length from a miniature crown of rhinestones and seed pearls. The bride carried a cascade bouquet of lilies of the valley centered with cymbidium orchids.

Mrs. George J. Sander Jr., was matron of honor for her sister-in-law, wearing a mint crystal satin, ballerina length gown and a matching plateau hat. She carried a cascade of pale pink sweetheart roses. The other attendants, Virginia Kelsey, Beverly Scoville of Milford, Conn., and Frances Armbruster of Maywood, N. J., cousin of the bridegroom, wore pale pink crystal satin gowns and hats to match. They carried cascade bouquets of deep pink roses.

Henry J. Marx Jr., a former resident, now residing in Milford, Conn.

## Elinor Stamski Weds Engineer May 25; Couple to Make Future Home in Syracuse

Miss Elinor Ann Stamski, daughter of Mr. and Mrs. Michael C. Stamski of Middletown, became the bride of Andrew Vincent Kispert, son of Mr. and Mrs. Andrew W. Kispert of Holbrook, L. I., Saturday, May 25, before a nuptial Mass at Our Lady of Mt. Carmel Church, Middletown.

Celebrant of the Mass was the Rev. Emanuel Houlihan, pastor.

Given in marriage by her father, the bride wore a white silk taffeta gown fashioned with a modified long torso, long sleeves tapered to points over the wrists and a bountiful skirt terminating in an aisle-wide circular court length train. Bodice and hipline accented with medallions of re-embroidered Alencon lace. A plateau-type bridal cap, trimmed with seed pearls and iridescent sequins, held a finger-tip French illusion veil. The bride carried a cascade bouquet of white roses, orchids, stephanotis and lilies.

Mrs. Earl V. Barry of Warwick, the bride's sister, was the matron of honor. She wore a blue chiffon gown over taffeta, fashioned with a lace jacket and carried a colonial bouquet of white, apricot and blue gladioli.

Miss Kathleen Murphy of 38 Hinsdale street, the bride's niece, was the junior bridesmaid.

Serving as best man for the bridegroom, was Walter Schrock, his cousin. Ushers included Frank Stamski of Warwick and William Kispert of Queens Village, L. I.

The bride is a graduate of Middletown High School. Her husband, a graduate of St. John's Preparatory School, L. I., and St. John's University Hoffstra College, is employed as an engineer with IBM.

For her wedding trip to Canada, the bride wore a navy blue bolero suit with navy and white accessories and a corsage of white orchids.

The couple plan to make their home in Syracuse.

"Etiquette" etc.

### IF GUESTS OFFER TO HELP

A hostess writes: "When I invite relatives and intimate friends to an informal dinner, I welcome their help with the dishes. There is nothing that tends to spoil my evening as a hostess more than the thought of a sinkful of dirty dishes awaiting me after my guests leave. In a matter of minutes they are out of the way with help and I don't have to wash dishes far into the night. However, while visiting a niece of mine who lives out of the state, she refused to let me help, saying that guests should not be allowed to do dishes. I now wonder whether I have been terribly wrong in welcoming help from my guests?"

If your guests offer to help you with the dishes you may gratefully accept it, but you certainly can't suggest that they help you.

### Pouring Wine

Dear Mrs. Post: I have been told that when wine is served at dinner, it is correct for the person serving to pour a little in the host's glass first for him to taste before filling the glasses of others at table. I have been to many houses where wine is served but never have seen this done. Is this proper procedure?

Answer: It is not done under ordinary circumstances. But if it is an old vintage wine, then the host is supposed to taste it to see that it is not corked.

### Drinking With Food in the Mouth

Dear Mrs. Post: Is it considered bad manners to take a sip of coffee while there is still some unswallowed food in the mouth? I had a sandwich and coffee the other day for lunch and took a sip of coffee before completely finishing what I had in my mouth. My sister, who incidentally is a perfectionist, said it is wrong to drink anything while there is still food in the mouth. Is it, Mrs. Post?

Answer: It is a question of quantity. If you have a small amount of food in your mouth it is quite all right to take a sip of coffee, but not if you have a mouthful of food.

A housewarming or "open house" can be a tea, a cocktail party, a buffet supper or the simplest afternoon or evening at home. Mrs. Post gives suggestions in leaflet E-28. Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

### Hospital Auxiliary To Introduce Infant Photographic Service

The Kingston Hospital Auxiliary held its final meeting for this season this week. Final reports on several of the projects carried on during the spring season were given.

Theodore Riccobono was at the organ and Miss Mary Dunn sang several selections.

White gladioli and palms decorated the church altar.

Given in marriage by her father, the bride wore a gown of peau d'ange lace styled with a fitted bodice, long tapered sleeves and a tiny collar. Her bouffant tulle skirt over parchment taffeta terminated in a circular chapel length train. A fingertip length tulle veil was gathered to a princess crown and she carried a basket of spring flowers in shades of lavender, daisies, baby's breath and ivy.

Alfred Blatter of West Hurley was best man for his brother.

Serving as ushers were Rudolph Baumgarten, Calvin Bruckner, Ronald Every and John Schroeder.

A reception was held immediately following the ceremony at the Alpine, DeWitt Lake.

The bride is a graduate of Kingston High School and Moran-Spencerian School of Business.

She is associated with the New York State Division of Veterans Affairs in Kingston.

The bridegroom is a graduate of Kingston High School, served in the army for two years and is now in business with his father.

# Kingston High Golfers Beat Liberty to Take DUSO Title

Rout Redskins,

Finish Season With  
8 Wins, Tie and Loss

Kingston High's brilliant golf squad nailed down the 1957 DUSO League championship Wednesday with an 11-1 rout of Liberty High on the Twaalfs-kill links.

The victory was the eighth in ten matches for Coach Harold Hathaway's swingers and marked the second time they had come within a point of blanking the opposition.

The team was beaten only by Poughkeepsie High and tied Liberty on the Sullivan county links where the Redskins have never been beaten.

#### Eyles Posts 71

Superb shooting by every member of the team, highlighted by captain David Eyles' one-over 71, enabled the Maroons to post a record low of 303 strokes, 19 better than the visitors.

The spectacular form flashed by the Maroon swingers also indicated they are at razor sharpness for the Section 9 competition Saturday at the Osiris links at Walden.

Flashing his best form of the season, Eyles carded a one-under-par 34 on the back nine to go with a 37 to score a 3-0 victory.

#### Roos Shoots 75

Bob Roos surrendered the lone point despite a nifty 36-39-75. Ted Bruhn, the most consistent winner on the squad without "Dad" Sam Hanks, who won the 500-mile race yesterday on his 12th attempt, but it won't soon forget the 42-year-old driver.

END OF A LONG RACE—Begrimed but happy about the whole thing is Sam Hanks, who waves from his Belond Special as he is kissed by actress Cyd Charisse, right, after winning 500-mile race at the Indianapolis Speedway. Waiting her turn to reward the champ is Hanks' wife, Alice, left. (AP Wirephoto)

#### Sets New Record

## Hanks Averages 138.84 In Indianapolis Race

Indianapolis, May 31 (AP)—The Indianapolis Motor Speedway will have to get along hereafter without "Dad" Sam Hanks, who won the 500-mile race yesterday on his 12th attempt, but it won't soon forget the 42-year-old driver.

His record of 135,601 miles an hour, breaking the late Bill Vukovich's 130,840 mark of 1954, could stand for a long time.

Jim Rathmann, 28-year-old Miami driver, tried desperately to catch Hanks for the last 64 laps but Hanks was pulling away when he finished 17 1/2 seconds in front.

Rathmann, who also finished second in 1952, said something broke in the frame of his car and it "shimmied" so much on the turns that he couldn't match the front man from Pacific Palisades, Calif.

Hanks climbed out of his Belond Special, a horizontal engine dream by George Salih, and said, "that's it, I'm all done."

The lean, graying six-footer said he'll probably race in Italy's Lmonza Autodrome "500" June 29 and finish his contract this year with a Mercury stock car team. Then he'll quit racing.

Until yesterday, Sam often was a contender but never won the pot. He was third twice, in 1952 and 1953, and second to Pat Flaherty last year in spite of a spin that damaged his car.

This time, after some preliminary shuffling for first place by Pat O'Connor, North Vernon Ind.; Troy Ruttman, the 1952 winner from Lynwood, Calif., and Paul Russo of Canoga Park, Calif., Hanks took charge.

Bill Reid and Wayne Bock combined to limit the Pirates to two hits—singled by Tim Costello and Joe Mikesh.

Reid collected three singles and Tony Spada hit two for the winners. League-leading Indians meet the Pirates in today's game.

# Saugerties Dutchmen Rally in Ninth to Defeat New York

## Joe Martin's Triple Takes NY-NJ Inaugural

Joe Martin, the former Saugerties High School hero, pounded a two-run ninth inning triple to give the Saugerties Dutchmen a thrilling 11-10 victory over Eddie Grant Post of New York in the New York-New Jersey League opener Thursday at Cantine Field.

Mackey's blast following walks to Paul Giannuzzi and White gave Jim Mackey the win in relief and salvaged for Manager Jack Rivenbergh's tossers a victory they appeared to have nailed several innings earlier.

Mackey relieved starter Clark Mains in the ninth when the New Yorkers rallied for three runs to go ahead, 10-9. They had trailed by as much as 5-2 in the first inning. Mackey put out the fire and was credited with the win when Martin unleashed his long blast. The Saugerties shortstop also bashed two singles.

New York outhit the Dutchmen, 15-11, in the free-swinging duel, with Gussman, a towering first sacker hitting a double and three singles in five trips. Annunziata stroked a double and two singles.

**Boot Double Play**  
Mains missed closing out a 9-6 victory in the ninth when shortstop White booted a double play grounder and two singles followed.

Saugerties racked up five fast runs off starter Koski in the first inning. Martin singled to left, Hubie Barber beat out a bunt and Bill Straub, returning to the lineup, walked to load the bases. Martin scored on Koski's wild pitch and Jim Mackey drilled a single to center scoring Barber and Straub. Successive hits by Rhodes and Miller chased across the final two runs of the inning.

**Ceremonies Held**  
In pre-game ceremonies, Supervisor Pete Williams welcomed the crowd and caught the first ball thrown by Miss Kay Moose of West Camp, the newly crowned Miss Saugerties of 1957. Charles J. Tiano, Freeman sports editor who is president of the New York-New Jersey League, extended the greetings of the league.

Harold Ridgeley, a grim little U. S. Air Force nonconformist who is the only American left in the tournament, led Arthur Walker of South Africa 10 up after the first 18 holes in runway 36-hole semi-final match in the British Amateur golf champion ship today.

Ridgeley, a 43-year-old master sergeant from Haverford, Pa., who has remained in Britain since World War 2, took a four hole lead on the front nine, won three straight after the turn and stretched his lead to ten holes at the end of the morning round.

The 26-year-old Walker, playing badly, obviously became jittery as the sandy-haired American piled up a huge lead.

Ridgeley shot a morning round of 33-35-68, the best of the tournament, over the 6,803-yard, par 35-37-72 Formby course by the Irish sea. Walker, spraying his shots badly, was ten strokes higher.

Industrial Arts Group  
Visit Assembly Plant

Saugerties, May 13—The Industrial Arts Club of Saugerties Central High School toured the Chevrolet assembly plant at Tarrytown Wednesday.

The program is scheduled by the industrial arts department of the school to make familiar to its students the processes and operations of industry.

The group made a guided tour seeing the various steps in the assembly of the 1957 model starting from the bare frames to the road tested, finished cars.

The students were given an opportunity to see what work is like on an assembly line. They observed the many skilled and unskilled tasks that were performed.

Students making the trip were Harry Burnett, George Popowicz, Daniel Legg, Ronald Strasser, Ronald Hansen, James Cousins, David Overbaugh, Shane Ellis, David Hynes, Wallace Michaels and Richard Magree. H. Graham Barkhuff, faculty adviser, accompanied the group.

Seamon Funeral Home  
Dedication Set June 16

Saugerties, May 31—The newly furnished and redecorated Seamon Funeral Home recently moved to 45 John street will be dedicated June 16 at 4 p. m., it was announced today.

The Seamon Funeral Home, one of the oldest in Saugerties moved from its old location 106 Partition street this week. The same telephone number used by the establishment for many years has been retained. The business was purchased from Harry J. Smith last July by Willett C. Overbaugh and Harold M. Wilsey. Mr. Overbaugh formerly operated the Overbaugh Flower Shop on Partition street.

The property vacated will be used by Mr. Smith for expanding his furniture business which is in the same building.

According to Mr. Overbaugh and Mr. Wilsey, this will be Saugerties' first funeral home used completely for funerals. The

## Followed Probe

District Attorney Howard C. St. John said April 3 that the charges grew out of an investigation which followed a pickup at the market some time ago but had no direct connections with pickup.

Just as the manager was closing for the night, a person unknown, at the present, stuck up the manager as he was about to enter his car and deposit the store proceeds in a bank depository.

Attorney Charles H. Gaffney appeared for Kelly and Kiley was represented by Attorney John E. Gotelli.

## Buildings Sold

Amsterdam, N. Y., May 31 (P)—The Bigelow-Sanford "Clock Building" has been sold to the Empire Devies Products Corp. of Bayside, L. I., it was announced today. State Commerce Commissioner Edward T. Dickinson said the sale was made by Grossman Industrial properties Inc., which acquired the properties of the Bigelow-Sanford Carpet Co. when the latter moved out of Amsterdam in 1955. Bigelow-Sanford employed 1,600. The purchase price was not revealed.

joining vacant lot and called police.

Some 1,000 patrons watched a film, unaware of what was happening.

A bomb squad dismantled the explosive, constructed of a three-inch length of one-inch pipe filled with powder and fused at one end with a length of charred rope.

The bomb parts were sent to a police laboratory for study.

William E. Kelly, former general manager of the Grand Union store, Albany avenue extension, charged by the grand jury with first degree grand larceny, received a one year suspended sentence in county court this week.

William Kiley, former meat department manager, arrested on a similar charge, is scheduled to be sentenced Monday, June 3, at 2 p. m., and two others allegedly involved are slated for a hearing next week.

County Judge Louis G. Bruhn sentenced Kelly to one year in the Ulster county jail and suspended sentence after he pleaded guilty under the second count of the indictment charging him with

## To Make Restitution

Judge Bruhn placed Kelly on probation for the maximum statutory period—three years—and it was indicated that satisfactory arrangements for restitution were being made.

Kiley, who also pleaded guilty under the second count of the indictment, will be sentenced Monday, the judge said.

Walter Conway Jr. and Percy Brandow, the other department managers, are charged with conspiracy alleged to have taken place over the same period as the alleged larceny, between January 1955 and January 1957.

They are scheduled for a hearing next week.

## LEGAL NOTICE

NOTICE OF SPECIAL DISTRICT  
MEETING  
CENTRAL SCHOOL DISTRICT NO. 1 OF THE TOWNS OF ROCHESTER, MARBLETON, WAWARING AND ROSENDALE, COUNTY OF ULSTER, N. Y.

JUNE 26, 1957

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Board of Education of this School District, adopted May 21, 1957, a special district meeting of the qualified voters of Central School District No. 1 of the Towns of Rochester, Marbleton, Wa waring and Rosendale, New York, will be held at the Accord School House in Accord, Town of Rochester, within the School District, on June 26, 1957 at 2:00 o'clock P. M. (D.S.T.) for the purpose of voting upon the Proposition stated below. The voting will be by ballot as provided by the Education Law and the polls will remain open from 2:00 o'clock P. M. (D.S.T.) until 3:00 o'clock P. M. (D.S.T.) and as much longer as may be necessary to enable the voter then present to cast their ballots.

## PROPOSITION:

(a) That the Board of Education of Central School District No. 1 of the Towns of Rochester, Marbleton, Wa waring and Rosendale, New York, is hereby authorized:

1. to construct a new Junior-Senior High School on the school site situated near Kysterke, within the District, as it is authorized to be acquired and designated such school site by proposition adopted by the qualified voters at the special district meeting held January 9, 1957, to locate and intend the site and purchase the necessary original furnishings, equipment, machinery and apparatus required therefor, at an estimated maximum cost of \$2,312,700;

2. to construct an addition to the existing Accord School, within the District, on a part of the site of said existing School, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required for which such addition is to be used at an estimated maximum cost of \$150,150;

3. to construct an addition to the existing Accord School, within the District, on a part of the site of said existing School, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required for which such addition is to be used at an estimated maximum cost of \$87,857;

4. to construct an addition to the existing Kerhonkson School, within the District, on a part of the site of said existing school, at an estimated maximum cost of \$152,820, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required therefor at an estimated total cost of \$306,000.

(b) That the estimated total cost of purpose 1, 2, 3 and 4 above is \$2,960,000, including preliminary and incidental costs and a tax is hereby imposed therefor in the aggregate amount of not exceeding \$2,900,000, to be levied and collected in installments in such years and in such amounts as may be determined by the Board of Education;

(c) That in anticipation of the said tax, bonds of the School District are hereby authorized to be issued in the aggregate amount of not exceeding \$2,900,000, a tax is hereby voted to pay the interest on the said bonds as the same shall become due and payable.

Modern Car Wash Plant Opens in Port Ewen.

Car-washing Firm  
Now at Port Ewen

Minute Car Wash, a new automobile car-washing firm, which will be able to handle a maximum of 100 cars per hour, is scheduled to open Monday, June 3 on Route 9W, Port Ewen across from the Tropical Inn.

The car-washing service will be operated by Joseph Rinaudo and Son of Highland and will be open daily, Monday through Saturday from 8 a.m. to 5:30 p.m. It will be open Sundays from 8 a.m. to 1 p.m.

The complete car-washing action, the major part of which is automatic, begins when the car enters the rear of the building where it is vacuumed and hooked to a conveyor.

Car tires, both black and white, are automatically washed, the vehicle is machine-rinsed and the sides are washed by nylon brushes.

The vehicle then enters a "mittening area," and all parts untouched by machinery are cleaned by hand and the car gets a final rinse.

After that operation the car goes under a blower unit where it is completely dried and an employee hand-leans the interior of the car and other employees shine the vehicle.

Mr. Rinaudo explained that it is possible for the car owner to watch the complete car-washing operation since space is provided for owners behind a glass enclosure to observe each operation.

He noted that a "mild detergent" is used and is unharful to the car wax.

Minute Car Wash will also be able to provide polishing and simonizing of a car, he said.

Kingston Knights  
Slate Officers  
Election Monday

Kingston Council 275, Knights of Columbus will hold its annual elections Monday night.

Grand Knight Edward J. Ahl has announced that there will be a contest for almost every office, and he urges all members to try to attend this important meeting. Grand Knight Ahl said that nominations will be open on the night of election, so it is possible that even more candidates will be announced.

Kingston Council is celebrating

its 60th anniversary this year. It is also the 75th anniversary of the founding of the Knights of Columbus in New Haven, Conn. Since its founding in 1897, the local council has grown to a membership of nearly 1,000 Catholic men.

97 Bathers Unhurt  
Livingston, Mont., May 31 (P)—Ninety-seven swimmers escaped

serious injury when the roof of an indoor pool collapsed yesterday. Three bathers were hurt, but none was reported in critical condition. Scores of others suffered cuts and bruises. There

was no panic as the wooden roof of the Chico Hot Springs Pool cracked loudly for a few moments, then caved in. Most of the swimmers had gathered to the sides of the resort building.
